

# Agape Children's Home UK

## Children Sponsorship

---

Agape Children's Home UK is launching an exciting new sponsorship program that will enable the orphanage to better support the children that it cares for. We have developed this new program to ensure that there are year-round funds available consistently when they are needed. This will instil even more stability into the lives of our family of children. Please read on to learn more about this new program.

We believe in operating honestly and being completely open with all people involved. The better you understand what we are doing, the better you can help us. Transparency of our operations is important as far as the security and safety of our children allows.

### Aims of the Sponsorship Program

All children are welcome in our home and the sponsorship program enables us to manage resources effectively and efficiently for our children. We are able to assess how many children we can house on a permanent basis. The program will pay the regular monthly and yearly costs of maintaining a good standard of living and education for our children.

### How the Funds will be Used

We want our supporters to be able to have an input on how exactly their donation should be used within the organisation. By sponsoring the children, you are supporting every child that comes into the care of the orphanage. Your funds will only be used to pay for what we consider to be the core needs that children are entitled to. These include access to education, provision of medical needs, comfortable living areas and healthy food & water. Any surplus funds raised through sponsorship will be used to fund a reserve account for future short-fallings or for a special purchase agreed by all of the sponsors.

The use of the funds will be detailed to every sponsor at the beginning of the year in a statement of the expected child maintenance cost for the year to come. The cost of running the program will come from other funds allowing 100% of the sponsor's donation to be used for the children's living, educational and medical costs.

### Sponsorship Donation

*£15 per month*

In order to meet the financial requirements of maintaining a good standard of life, education and medical provision to our children, we calculate for the year 2010-2011 that each child needs £30 per month. To make this requirement easier to afford for sponsors, we are trying to achieve a ratio of two sponsors for every one child donating a minimum of £15 per month (around 50p per day).

## Updates from the Orphanage

You may receive a thank-you gift from the people involved with the orphanage. We may also send occasional gifts to celebrate special events.

We would like to keep you informed of the developments of the children and the orphanage by letters, email and through the website. The children that you help care for will write letters to you and you will receive letters from the charity management with photos and news. You can also send messages to the orphanage if you have a message for them.

Every year you will receive a summary statement of the children maintenance costs and be offered to express your opinion on how the funds are used for the year to come.

## Become a Sponsor

If you have decided to help the children in Manipur through our sponsorship program, registering is easy, simply complete the attached form and send it back to us. We will collect the sponsorship donation as often as suits you from your nominated bank account and add you to our sponsors register. If you'd prefer to give by a different format please give us a call to arrange it.

## How else can I help?

Simply by getting in touch with us is a great way to spark ideas and extend the support of the orphanage. We'd like to hear from anyone interested in what we are doing. Why not introduce Agape to your friends and family or send email contacts the link to the website?

You could give a regular donation to Agape Children's Home UK to help fund the overall running and management of its projects if you don't want to become a sponsor. We appreciate any size of donation that you could give to fund our activities and awareness raising.

## More Information

Please visit the website ([www.agape-ch.org](http://www.agape-ch.org)) to learn more or email Martin Blackburn at [root@agape-ch.org](mailto:root@agape-ch.org).
